To our valued Sponsors, Vendors, Volunteers and Participants,

It is with a heavy heart, and after thoughtful consideration and much debate, that we have decided to cancel the 2020 Never Forget Relay scheduled for April 26th, 2020. In light of the unprecedented events that are occurring throughout our world, we feel that it would be irresponsible to host an event that may perpetuate the spread of this dangerous disease. Additionally, we are currently prohibited from holding the event in accordance with the County and State prohibition on gatherings of more than 50 people. Even if there were to be a recall of the Shelter-in-place order, it would not provide us sufficient time to prepare.

I wanted to take a moment to thank you all for your contributions, participation and commitment to our event in previous years. Without your support, we would never have been able to hold this event for its first five years. This event is very important to us personally and we are proud to honor our respective professions. We look forward to the day when we can race again and gather in unity and camaraderie for our fallen brothers and sisters.

We all committed our lives to the pursuit of public service and supporting each other along the way. That bond cannot be broken and we will all come back from this stronger than before.

Sincerely,

A handwritten signature in black ink that reads "Henry Montes".

Henry Montes, President
and the Board Members of the Never Forget Relay
